

Classic Collection Inclusions

A dream worth building

Introducing The Classic Collection

The Classic Collection is our premium range — offering more flexibility, more personalisation, and more of what makes a home feel truly yours.

You'll enjoy a higher level of finishes throughout — from the fixtures and fittings to the flooring underfoot, and everything in between. Kitchens include quality appliances and stone benchtops, while bathrooms and living areas are finished with details that bring both comfort and style.

All the essentials are covered — with inclusions that come standard across every Classic Collection home.
